Nice skins but both the shovel and the axe are only for the regular tools, not the golden one..

I'd be happy to change my review when Klei change that last point. Glad I could support an amazing company and team, thanks for always adding fresh content updates and events to your games. The event was super fun and hectic, and the items all are cool improvements to the original designs.

Everything came as promised and expected.. Best skins ever. Especially walking cane skin is great.. Good Stuff
The Icebox and Cane are the Best!. I like the lil safe UwU. I did not get the items. Why

I initially had issue's with the purchase not granting items but they have been resolved. Thanks Klei for resolving the issue quickly!. Love the reskins! Would like to see a pickaxe reskin in the future! But fantastic!
